

DATE:14/09/22

COURSE NAME:DATA WAREHOUSING AND DATA MINING FOR MEDICAL APPLICATIONS

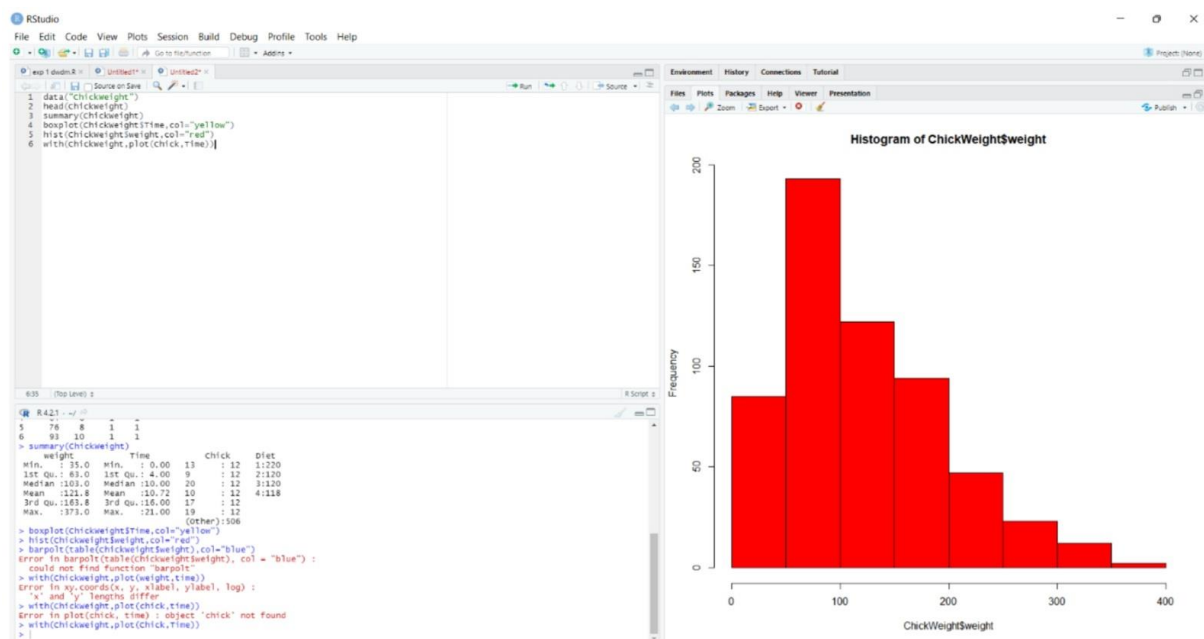

COURSE CODE: CSA1654

NAME OF THE STUDENT: CH.INDHU PRIYA

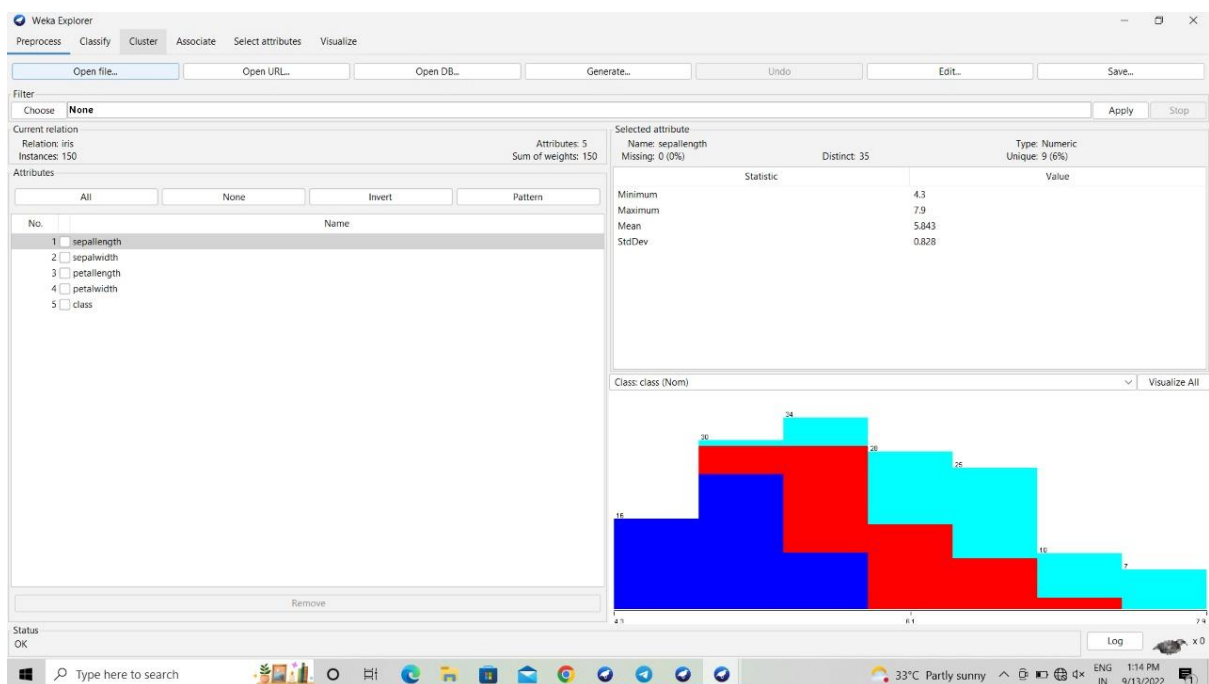

REG NO:192111191

BRANCH:CSE

EXPERIMENT :15

EXPERIMENT :16

## EXPEIMENT:17

The screenshot displays a web browser window with the URL `online-ide.com/online_r_compiler`. The interface includes a top navigation bar with links to Gmail, YouTube, and Maps. The main workspace is divided into three sections: a code editor, a console, and a command line. The code editor contains the following R script:

```
main.r
1 x <- c(12,7,3,4,2,18,2,54,-21,8,-5)
2 # find the median
3 median.result <- median(x)
4 print(median.result)
```

Below the code editor, the console shows the output of the script:

```
[1] 5.6
```

Below the console, the command line shows the command used to run the script:

```
Run
```

The interface also features several advertisements by CRITEO, including "Report this ad" and "Ad choices" buttons. The bottom of the browser window shows the Windows taskbar with various application icons and the system clock indicating 09:28 on 13-09-2022.
